New & Improved for 2024

CAWP Cares Program

The **CAWP CareS Program** was born out of a desire to support heavy/highway field workers' physical and mental well-being. This year, recipients will receive a pair of Honeywell UVEX by Hypershock Safety Glasses as well as information on the Yinz Good? program, a campaign aimed at promoting mental health and suicide prevention in the construction industry. Yinz Good seeks to raise awareness about the challenges faced by construction workers and offers resources and support for those struggling with mental health issues.

Order CAWP Caressafety glasses for your heavy/highway field workers today!

There is a nominal charge of \$5.00 per pair of safety glasses that will go directly into the **Brandon Chaney CLC scholarship fund***.

**Developed in 2008 by the CAWP Constructors Leadership Council (CLC), this*

scholarship was named in memory of Brandon Chaney, an aspiring third-generation heavy/highway construction professional who died at the age of 16 in an automobile accident. The scholarship is awarded yearly to the top-ranking first-year apprentice in each of the four heavy and highway apprenticeship programs in western Pennsylvania.

Request CAWP Cares safety glasses for your field workers today! The glasses will be available for pick up on June 28 at the CAWP 90th Anniversary Celebration. Should you have questions, or wish to order more, please contact Emily at emilym@cawp.org for more information.
