UPJ Students Tour Operators Facility

On Tuesday, November 19th, students from the University of Pittsburgh at Johnstown's AGC Student Chapter toured the Operating Engineers training facility in New Alexandria, PA.

Along with a safety orientation, students learned about the apprenticeship program and had the opportunity to operate several pieces of heavy equipment.

Special thanks to CAWP CLC Steering Committee members Grady Smith of Plum Contracting and Scott Thompson of Gulisek Construction for discussing career path opportunities with the students.
